MEMORANDUM FOR: Director of Material

25X1

SUBJECT : Installation of [] Phone

25X1

25X1

1. I believe you have requested a [] phone be installed at []

25X1

2. [] Physical Security, called me on 3 March 1956 suggesting that it would be more secure to have AMS request the phone and for us to cover cost on a reimbursable basis.

3. He is holding your request but no longer than Monday, 12 March. I suggest you call him on this matter as you may have reasons for not doing this as he suggests. If you want him to proceed as you originally requested he can begin immediately for the necessary ground work has already begun. He needs only to give the signal.
